

Talking to people, networking

Bug free

UX

Simple products that do one thing well

Building brand

Sleep, exercise & healthy food

Solving your problem first

Adaptability, pivoting

Knowledge of where the money is

Overestimating cost/expenses

Patience

Reading books

Not talking to people

Elegant code

UI

Complex products

Making quick money

Late night coding

Solving the worlds problems

Ego

No knowledge of it

Underestimating it

No Patience

Not reading books
